Student Observation – Use to document time observing students for evaluation purposes

## Fully Licensed Social Worker - 116 Telemedicine

#### SERVICE DETAIL (DAILY):

- 1. <u>Describe</u> what actually occurred on the date of service. Ensure that the Service Detail Note (daily note) is sufficiently detailed to allow reconstruction of what transpired for each service billed.
- 2. Indicate the result of the therapy session (student's response).

**Example of Service Note Detail:** Group Therapy (90853:GT) – the group focused on starting "My Calm Down Book" and identified various facial expressions to determine the mood. The student did a self-portrait of his face when angry, then lost focus and was disruptive and disrespectful to his peers.

### MONTHLY SUMMARY (PROGRESS) NOTES:

- 1. Summarize (evaluate) the student's monthly progress toward your medical/health-related goal.
- 2. Include any changes in medical/mental status and changes in treatment with rationale for change.
- 3. Service Detail (Daily) Notes and Monthly (Progress) Summary Notes must not match.

**Example of Summary Note:** Student is making limited progress with improving his ability to follow directions and interact with peers appropriately. Will continue to address his goals toward appropriate peer behavior.

**RECORD KEEPING:** Keep copies of all supporting documentation related to this service for a period of 8 years (FY+7) regardless of the change in ownership or termination of participation in Medicaid.
