- Record-Keeping Use for any student record-keeping purposes you want to track
- Student Observation Use to document time observing students for evaluation purposes

### Fully Licensed Social Worker - 116 Telemedicine – C4S

### SERVICE DETAIL DAILY:

- 1. <u>Describe</u> what actually occurred on the date of service. Ensure that the Service Detail Note daily note is sufficiently detailed to allow reconstruction of what transpired for each service billed.
- 2. <u>Indicate</u> the result of the therapy session student's response.

**Example of Service Note Detail:** The student focused on starting "My Calm Down Book" and identified various facial expressions to determine the mood. The student did a self-portrait of his face when angry, then lost focus and was disruptive and disrespectful to his peers.

#### MONTHLY SUMMARY PROGRESS NOTES:

- 1. Summarize and evaluate the student's monthly progress toward your medical/health-related goal.
- 2. Include any changes in medical/mental status and changes in treatment with rationale for change.
- 3. Service Detail Daily Notes and Monthly Progress Summary Notes must not match.

**Example of Summary Note:** Student is making limited progress with improving his ability to follow directions and interact with peers appropriately. Will continue to address his goals toward appropriate peer behavior.

**RECORD KEEPING:** Keep copies of all supporting documentation related to this service for a period of 8 years FY+7 regardless of the change in ownership or termination of participation in Medicaid.
