## **Addendum #2**

### **RFP #WRESA-03092023-651-01**

### **Audio Visual Equipment**

The following Questions were received by the question deadline:

- 1) On all Rooms what is the placement of the 2 cameras?

**One presenter facing, one audience facing.**

- 2) Is it possible to get a block diagram of how you see the cameras connecting to the PC in room & Auditoriums?

**We do not have block diagram.**

- 3) All components from camera to PC.

**Required components are listed on the Attachment 2, Excel Pricing spreadsheet. Any additional components you feel are available can be listed as needed.**

- 4) Will the contract to be awarded in May.

**We anticipate a Contract Start date after the May 17<sup>th</sup> Board Meeting.**

- 5) When do you see the first order being placed?

**We anticipate the first order being placed very soon after the Contract Start date (in May).**

- 6) Are there any site access restrictions, caveats, or equipment necessities that we need to account for (i.e. scissor lifts, etc.)

**The auditorium projectors are reachable by a ladder. Some may prefer a lift.**

- 7) Is it possible to get photos of the spaces that we're looking to perform the work on?

**We can share a document with AV Room dimensions, layout and a summary of equipment within the rooms. Please e-mail [purchasing@resa.net](mailto:purchasing@resa.net) to request.**

- 8) Are you able to share photos or drawings of the rooms?

**Please see response to Question #7 above.**
