(a) Sales Tax: Wayne RESA and local units of government are exempt from sales tax for direct purchases. The contractor's prices must not include sales tax.

(b) Federal Excise Tax: Governmental entities may be exempt from Federal Excise Tax, or the taxes may be reimbursable, if articles purchased under any resulting Contract are used for the State's exclusive use. Each addendum shall be made available to each person or organization, which Wayne RESA records indicate has received a bid.

Wayne RESA is not responsible for and shall not be bound by any representations otherwise made by any individual acting or purporting to act on its behalf.

### **2. Conflict of Interest**

No Wayne RESA employee or agent whose position in Wayne RESA enables him/her to influence the selection of a Supplier for this Solicitation, or any competing solicitation, nor any spouse of economic dependent of such employees, shall be employed in any capacity by a Proposer or have any other direct or indirect financial interest in the selection of a Supplier.

### **3. Gratuities**

It is improper for any Wayne RESA officer, employee or agent to solicit consideration, in any form, from a Proposer with the implication, suggestion or statement that the Proposer's provision of the consideration may secure more favorable treatment for the Proposer in the award of the Master Agreement or that the Proposer's failure to provide such consideration may negatively affect Wayne RESA's consideration of the Proposer's submission.

A Proposer shall not offer or give either directly or through an intermediary, consideration, in any form, to a Wayne RESA officer, employee or agent for the purpose of securing favorable treatment with respect to the award of the Master Agreement.

### **4. Laws**

The Contractor must comply with all applicable federal, state, and local laws and ordinances in providing the products and services.

#### *4.3 Jurisdiction*

Any dispute arising from the Contract must be resolved in the State of Michigan. With respect to any claim between the parties, the Contractor consents to venue in Wayne County, Michigan, and irrevocably waives any objections to this venue that it may have, such as lack of personal jurisdiction or forum non-conveniens. The Contractor must appoint agents in the State of Michigan to receive service of process.

In the performance of the Contract, the Contractor agrees not to discriminate against any employee or applicant for employment, with respect to his or her hire, tenure, terms, conditions or privileges of employment, or any matter directly or indirectly related to employment, because of race, color, religion, national origin, ancestry, age, sex, height, weight, marital status, or physical or mental disability. The Contractor further agrees that every subcontract entered into for the performance of this Contract will contain a provision requiring non-discrimination in employment, as specified here, binding upon each Subcontractor. This covenant is required under the Elliott-Larsen Civil Rights Act, 1976 PA 453, MCL 37.2101, et seq., and the Persons with Disabilities Civil Rights Act, 1976 PA 220, MCL 37.1101, et seq., and any breach of this provision may be regarded as a material breach of the Contract.

#### *4.5 Unfair Labor Practices*

Under 1980 PA 278, MCL 423.321, et seq., Wayne RESA must not award a Contract or subcontract to an employer whose name appears in the current register of employers failing to correct an unfair labor practice compiled under MCL 423.322. This information is compiled by the United States National Labor Relations Board. A Contractor of Wayne RESA, in relation to the Contract, must not enter into a contract with a Subcontractor, manufacturer, or supplier whose name appears in this register. Under MCL 423.324, Wayne RESA may void any Contract if, after award of the Contract, the name of the Contractor as an employer or the name of the Subcontractor, manufacturer or supplier of the Contractor appears in the register.

#### *4.6 Environmental Provision*

For the purposes of this section, "Hazardous Materials" include asbestos, ACBMs, PCBs, petroleum products, construction materials including paint thinners, solvents, gasoline, oil, and any other material the manufacture, use, treatment, storage, transportation or disposal of which is regulated by the federal, state, or local laws governing the protection of the public health, natural resources, or the environment:

(a) The Contractor must use, handle, store, dispose of, process, transport, and transfer any Hazardous Material according to all federal, State, and local laws. Wayne RESA must immediately advise the Contractor of the presence of any known Hazardous Material at the work site. If the Contractor encounters material reasonably believed to be Hazardous Material that may present a substantial danger, the Contractor must: (i) immediately stop all affected work; (ii) notify Wayne RESA; (iii) notify any entities required by law; and (iv) take appropriate health and safety precautions.

(b) Wayne RESA may issue a Stop Work Order if the material is a Hazardous Material that may present a substantial danger and the Hazardous Material was not brought to the site by the Contractor, or does not wholly or partially result from any violation by the Contractor of any laws covering the use, handling, storage, disposal of, processing, transport and transfer of Hazardous Materials. Wayne RESA may remove the Hazardous Material, render it harmless, or terminate the affected work for Wayne RESA's convenience.

(c) If the Hazardous Material was brought to the site by the Contractor, or wholly or partially results from any violation by the Contractor of any laws covering the use, handling, storage, disposal of, processing, transport and transfer of Hazardous Material, or from any other act or omission within the control of the Contractor, the Contractor must bear its proportionate share of the delay and costs involved in cleaning up the site and removing and rendering harmless the Hazardous Material according to applicable laws.

The Contractor must comply with all applicable federal, state, and local laws and ordinances in providing the products and services.

#### *4.7 Freedom of Information*

“Forced or indentured child labor” means all work or service (1) exacted from any person under the age of 18 under the menace of any penalty for its nonperformance and for which the worker does not offer himself voluntarily; or (2) performed by any person under the age of 18 under a contract the enforcement of which can be accomplished by process or penalties.

## **5. General Provisions**

### ***5.1 Bankruptcy and Insolvency***

Wayne RESA may, without prejudice to any other right or remedy, fully or partially terminate this contract and, at its option, take possession of the work-in-progress and finish the work-in-progress by whatever method Wayne RESA deems appropriate if:

- (a) the Contractor files for bankruptcy protection;
- (b) an involuntary petition is filed against the Contractor and not dismissed within 30 days;
- (c) the Contractor becomes insolvent or a receiver is appointed due to the Contractor's insolvency;
- (d) the Contractor makes a general assignment for the benefit of creditors; or
- (e) the Contractor or its affiliates are unable to provide reasonable assurances that the Contractor or its affiliates can provide the deliverable(s) under this contract.

Contractor will place appropriate notices or labels on the work-in-progress to indicate ownership by Wayne RESA. To the extent reasonably possible, work-in-progress must be stored separately from other stock and marked conspicuously with labels indicating Wayne RESA ownership.

### ***5.2 Media Releases***

News releases (including promotional literature and commercial advertisements) pertaining to the solicitation and this Contract or the project to which it relates will not be made without prior approval by Wayne RESA, and only in accordance with the instructions from Wayne RESA.

### ***5.3 Antitrust Assignment***

The Contractor assigns to Wayne RESA any claim for overcharges resulting from county or federal antitrust violations to the extent that those violations concern materials or services supplied by third parties toward fulfillment of the contract.

### ***5.4 Legal Effect***

Wayne RESA is not liable for costs incurred by the Contractor or for payment(s) under this contract until the Contractor is authorized to perform under Section 1.3, Quotes/Order/Delivery/Inspection.

### *5.5 Entire Agreement*

This contract constitutes the entire agreement between the parties and supersedes all prior agreements, whether written or oral, with respect to the subject matter. All attachments referenced in this contract are incorporated in their entirety and form part of this contract.

### *5.6 Order of Precedence*

Any inconsistency in the terms associated with this contract will be resolved by giving precedence to the terms in the following descending order:

- (a) Mandatory sections (Contract Term, Legal Effect, Insurance, Indemnification, Termination, Governing Law, Limitation of Liability):
- (b) The most recent Statement of Work related to this contract;
- (c) All sections from Section 4 - Terms and Conditions, not listed in subsection (a);
- (d) Any attachment or exhibit to the contract documents;
- (e) Any Purchase Order, Direct Voucher, or Procurement Card Order issued under the contract; and
- (f) Proposer Responses contained in any of the solicitation documents.

### *5.7 Headings*

The captions and section headings used in this contract are for convenience only and may not be used to interpret the scope and intent of this contract.

### *5.8 Reformation and Severability*

Each provision of the contract is severable from all other provisions of the contract. If any provision of this contract is held unenforceable, then the contract will be modified to reflect the parties' original intent. All remaining provisions of the contract remain in full force and effect.

### *5.9 Approval*

Unless otherwise provided in this contract, approval(s) must be in writing and must not be unreasonably withheld or delayed.

### *5.10 No Waiver of Default*

Failure by a party to insist upon strict adherence to any term of the contract does not waive that party's right to later insist upon strict adherence to that term, or any other term, of the contract.

#### *5.11 Survival*

The provisions of this contract that impose continuing obligations, including warranties, indemnification, and confidentiality, will survive the expiration or termination of this contract.

#### *5.12 Electronic Payment Requirement*

The Contractor must state if they are able to receive electronic fund transfer (EFT) payments.

#### *5.13 Cooperation with Third Parties*

The Contractor and its Subcontractors must cooperate with Wayne RESA and its agents and other contractors, including Wayne RESA's quality assurance personnel. The Contractor must provide reasonable access to its personnel, systems, and facilities related to the contract to the extent that access will not interfere with or jeopardize the safety or operation of the systems or facilities.

#### *5.14 Relationship of the Parties*

The relationship between Wayne RESA and Contractor is that of client and independent contractor. No agent, employee, or servant of the Contractor, or any of its subcontractors, is an employee, agent or servant of Wayne RESA. The Contractor will be solely and entirely responsible for its acts and the acts of its agents, employees, servants, and subcontractors during the performance of the Contract.

#### *5.15 Time of Performance*

(a) The Contractor must immediately notify Wayne RESA upon becoming aware of any circumstances that may reasonably be expected to jeopardize the completion of any Deliverable(s) by the scheduled due dates in the latest Wayne RESA-approved delivery schedule and must inform Wayne RESA of the projected actual delivery date.

(b) If the Contractor believes that a delay in performance by Wayne RESA has caused or will cause the Contractor to be unable to perform its obligations according to specified contract time periods, the Contractor must immediately notify Wayne RESA and, to the extent practicable, continue to perform its obligations according to the contract time periods. The Contractor will not be in default for a delay in performance to the extent the delay is caused by Wayne RESA

#### *5.16 Excusable Failure*

Neither party will be liable for any default, damage or delay in the performance of its obligations that is caused by government regulations or requirements, power failure, electrical surges or current fluctuations, war, forces of nature or acts of God, delays or failures of transportation, equipment shortages, suppliers' failures, acts or omissions of common carriers, fire, riots, civil disorders, labor disputes, embargoes, injunctions (provided the injunction was not issued as a result of any

fault or negligence of the party seeking to have its default or delay excused), or any other cause beyond the reasonable control of a party; provided the non-performing party and any Subcontractors are without fault in causing the default or delay, and the default or delay could not have been prevented by reasonable precautions and cannot reasonably be circumvented by the non-performing party through the use of alternate sources, workaround plans, or other means, including disaster recovery plans.

If a party does not perform its contractual obligations for any of the reasons listed, the non-performing party will be excused from any further performance of its affected obligation(s) for as long as the circumstances prevail. The non-performing party must promptly notify the other party immediately after the excusable failure occurs, and when it abates or ends. Both parties must use commercially reasonable efforts to resume performance.

If any of the reasons listed substantially prevent, hinder, or delay the Contractor's performance of the deliverable(s) for more than 10 days, and Wayne RESA reasonably determines that performance is not likely to be resumed within a period of time that is satisfactory to Wayne RESA, Wayne RESA may: (a) procure the affected deliverable(s) from an alternate source without liability for payment so long as the delay in performance continues; or (b) terminate any portion of the Contract so affected and equitably adjust charges payable to the Contractor to reflect those deliverable(s) that are terminated. Wayne RESA must pay for all deliverable(s) for which Final Acceptance has been granted before the termination date.

The Contractor will not have the right to any additional payments from Wayne RESA as a result of any Excusable Failure or to payments for deliverable(s) not provided as a result of the Excusable Failure. The Contractor will not be relieved of a default or delay caused by acts or omissions of its Subcontractors except to the extent that a Subcontractor experiences an Excusable Failure and the Contractor cannot reasonably circumvent the effect of the Subcontractor's default or delay in performance through the use of alternate sources, workaround plans, or other means, including disaster recovery plans.

#### *5.17 Retention of Records*

(a) The Contractor must retain all financial and accounting records related to this Contract for a period of seven years after the Contractor performs any work under this contract (Audit Period).

(b) If an audit, litigation, or other action involving the Contractor's records is initiated before the end of the Audit Period, the Contractor must retain the records until all issues arising out of the audit, litigation, or other action are resolved or until the end of the Audit Period, whichever is later.

#### *5.18 Examination of Records*

Wayne RESA, upon 10 days notice to the Contractor, may examine and copy any of the Contractor's records that relate to this contract. Wayne RESA does not have the right to review any information deemed confidential by the Contractor if access would require the information to become publicly available. This requirement also applies to the records of any parent, affiliate, or subsidiary organization of the Contractor, or any Subcontractor that performs services in connection with this contract.

#### *5.19 Audit Resolution*

If necessary, the Contractor and Wayne RESA will meet to review any audit report promptly after its issuance. The Contractor must respond to each report in writing within 30 days after receiving the report, unless the report specifies a shorter response time. The Contractor and Wayne RESA must develop, agree upon, and monitor an action plan to promptly address and resolve any deficiencies, concerns, or recommendations in the report.

#### *5.20 Errors*

(a) If an audit reveals any financial errors in the records provided to Wayne RESA, the amount in error must be reflected as a credit or debit on the next invoice and subsequent invoices until the amount is paid or refunded in full. However, a credit or debit may not be carried forward for more than four invoices or beyond the termination of the contract. If a balance remains after four invoices, the remaining amount will be due as a payment or refund within 45 days of the last invoice on which the balance appeared or upon termination of the contract, whichever is earlier.

(b) In addition to other available remedies, if the difference between Wayne RESA's actual payment and the correct invoice amount, as determined by an audit, is greater than 10%, the Contractor must pay all reasonable audit costs.

#### *5.21 Disclosure of Litigation*

(a) Within 30 days after receiving notice of any litigation, investigation, arbitration, or other proceeding (collectively, "Proceeding") that arises during the term of this Contract, the Contractor must disclose the following to the Contract Administrator:

- (i) A criminal Proceeding involving the Contractor (or any Subcontractor) or any of its officers or directors;
- (ii) A parole or probation proceeding;
- (iii) A proceeding involving the Contractor (or any Subcontractor) or any of its officers or directors under the Sarbanes-Oxley Act; and
- (iv) A civil proceeding to which the Contractor (or, if the Contractor is aware, any Subcontractor) is a party, and which involves (A) a claim that might reasonably be expected to adversely affect the viability or financial stability of the Contractor or any Subcontractor; or (B) a claim or written allegation of

- fraud against the Contractor (or, if the Contractor is aware, any Subcontractor) by a governmental or public entity arising out of the Contractor's business dealings with governmental or public entities.
- (b) Information provided to Wayne RESA from the Contractor's publicly filed documents will satisfy the requirements of this Section.
- (c) If any proceeding that is disclosed to Wayne RESA or of which Wayne RESA otherwise becomes aware, during the term of this Contract, would cause a reasonable party to be concerned about:
- (i) the ability of the Contractor (or a Subcontractor) to continue to perform this Contract; or
  - (ii) whether the Contractor (or a Subcontractor) is engaged in conduct that is similar in nature to the conduct alleged in the Proceeding and would constitute a breach of this contract or a violation of federal or state law, regulations, or public policy, then the Contractor must provide Wayne RESA all requested reasonable assurances that the Contractor and its Subcontractors will be able to continue to perform this contract.

#### *5.22 Other Disclosures*

The Contractor must notify Wayne RESA Administrator within 30 days of:

- (a) becoming aware that a change in the Contractor's ownership or officers has occurred or is certain to occur; or
- (b) any changes to company affiliations.

#### *5.23 CoPro+ Requirements*

- (a) The Contractor will work with CoPro+ to ensure that all purchasers are members before extending the Contract pricing.
- (b) To the extent that CoPro+ Members purchase Deliverable(s) under this contract, the quantities of Deliverable(s) purchased will be included in determining the appropriate rate wherever tiered pricing based on quantity is provided.
- (c) The Contractor must submit invoices to and receive payment from CoPro+ Members, Participating Entities, on a direct and individual basis.

#### *5.24 Bid Protest Process*

Bid protests are filed by Vendors because they seek to remedy a wrong, actual or perceived, which could inflict or has inflicted injury or hardship to their company as a result of some action taken by Wayne RESA during the solicitation process. Common reasons for Vendors filing a bid protest include:

- The Master Agreement was awarded to Vendor with higher prices.
- The Vendor proposal was rejected for invalid reasons.
- The Vendor awarded the resultant Master Agreement did not comply with solicitation specifications.

#### *1. General Authority*

Wayne RESA Administrator maintains the exclusive authority and responsibility to purchase and rent all materials, supplies and equipment, furnishings, fixtures and all other personal property for use by Wayne RESA departments, districts or agencies which are governed by Wayne RESA's Board.

**2. Protest Procedure**

Upon a determination of Vendor selection from a bid process, the Purchasing Agent will post a "Notice of Intent to Award" on Wayne RESA's bid website, and notify all solicitation participants of the intended award via email.

- A. Non-selected Vendors will have three (3) business days from the date the notice is posted to file a formal bid protest with Wayne RESA Administrator or the designee.
- B. The bid protest, which must be received by Wayne RESA Administrator or designee within the three (3) day period, shall be in writing, and include the specific facts, circumstances, reasons and/or basis for the protest. This written notice may be in the form of a letter, fax or email.
- C. Upon execution of the Master Agreement with the selected Vendor, Wayne RESA Administrator or designee will not take action on a bid protest, but a written response will be provided to the protesting Vendor.
- D. If a Vendor's bid protest is appropriately filed, Wayne RESA Administrator or designee may delay the award of the Master Agreement until the matter is resolved.
- E. Notwithstanding the foregoing, throughout the bid protest review process, Wayne RESA has no obligation to delay or otherwise postpone an award of a Master Agreement based on a bid protest. In all cases, Wayne RESA reserves the right to make an award when it is determined to be in the best interest of Wayne RESA to do so.
- F. Wayne RESA Administrator or designee will respond to all bid protests in a timely manner.

**6. Insurance**

**6.1 Liability Insurance**

For the purpose of this Section, "Wayne RESA" includes its departments, divisions, agencies, offices, commissions, officers, employees, and agents.

(a) The following apply to all insurance requirements:

- (i) Wayne RESA, in its sole discretion, may approve the use of a fully-funded self-insurance program in place of any specified insurance identified in this Section.
- (ii) Where specific coverage limits are listed in this Section, they represent the minimum acceptable limits. If the Contractor's policy contains higher limits, Wayne RESA is entitled to coverage to the extent of the higher limits. The minimum limits of coverage specified are not intended, and may not be construed to limit any liability or indemnity of the Contractor to any indemnified party or other persons.

- (iii) If the Contractor fails to pay any premium for a required insurance policy, or if any insurer cancels or significantly reduces any required insurance without Wayne RESA's approval, Wayne RESA may, after giving the Contractor at least 30-days notice, pay the premium or procure similar insurance coverage from another company or companies. Wayne RESA may deduct any part of the cost from any payment due the Contractor, or require the Contractor to pay that cost upon demand.
- (b) The Contractor must:
- (i) provide proof that it has obtained the minimum levels of insurance coverage indicated or required by law, whichever is greater. The insurance must protect Wayne RESA from claims that are alleged or may arise or result from the Contractor's or a Subcontractor's performance, including any person directly or indirectly employed by the Contractor or a Subcontractor, or any person for whose acts the Contractor or a Subcontractor may be liable.
  - (ii) waive all rights against Wayne RESA for the recovery of damages that are covered by the insurance policies the Contractor is required to maintain under this Section. The Contractor's failure to obtain and maintain the required insurance will not limit this waiver.
  - (iii) ensure that all insurance coverage provided relative to this Contract is primary and non-contributing to any comparable liability insurance (including self-insurance) carried by Wayne RESA
  - (iv) obtain insurance, unless Wayne RESA approves otherwise, from any insurer that has an A.M. Best rating of "A" or better and a financial size of VII or better, or if those ratings are not available, a comparable rating from an insurance rating agency approved by Wayne RESA. All policies of insurance must be issued by companies that have been approved to do business in Wayne RESA
  - (v) maintain all required insurance coverage throughout the term of this Contract and any extensions. However, in the case of claims-made Commercial General Liability policies, the Contractor must secure tail coverage for at least three years following the termination of this Contract.
  - (vi) pay all deductibles.

## **6.2 Subcontractor Insurance Coverage**

Except where Wayne RESA has approved a subcontract with other insurance provisions, the Contractor must require any Subcontractor to purchase and maintain the insurance coverage required in Section 6.1, Liability Insurance. Alternatively, the Contractor may include a Subcontractor under the Contractor's insurance on the coverage required in that Section. The failure of a Subcontractor to comply with insurance requirements does not limit the Contractor's liability or responsibility.

### *6.3 Certificates of Insurance and Other Requirements*

Before the Contract is signed, and not less than 20 days before the insurance expiration date every year thereafter, the Contractor must provide evidence that Wayne RESA and its agents, officers, and employees are listed as additional insured's under each commercial general liability and commercial automobile liability policy. The Contractor must provide Wayne RESA Administrator with all applicable certificates of insurance verifying insurance coverage or providing satisfactory evidence of self-insurance as required in Section 6.1, Liability Insurance. Each certificate must be on the standard "accord" form or equivalent and **MUST CONTAIN THE APPLICABLE CONTRACT OR PURCHASE ORDER NUMBER**. Each certificate must be prepared and submitted by the insurer and must contain a provision indicating that the coverage afforded will not be cancelled, materially changed, or not renewed without 30 days prior notice, except for 10 days for nonpayment of premium, to Wayne RESA Administrator.

## **7. Indemnification**

### *7.1 General Indemnification*

To the extent permitted by law, the Contractor must indemnify, defend, and hold Wayne RESA harmless from liability, including all claims and losses, and all related costs and expenses (including reasonable attorneys' fees and costs of investigation, litigation, settlement, judgments, interest and penalties), accruing or resulting to any person, firm, or corporation that may be injured or damaged by the Contractor in the performance of this Contract and that are attributable to the negligence or tortious acts of the Contractor, any of its subcontractors, or by anyone else for whose acts any of them may be liable.

### *7.2 Employee Indemnification*

In any claims against Wayne RESA, its departments, agencies, commissions, officers, employees, and agents, by any employee of the Contractor or any of its subcontractors, the indemnification obligation will not be limited in any way by the amount or type of damages, compensation, or benefits payable by or for the Contractor or any of its subcontractors under worker's disability compensation acts, disability benefit acts, or other employee benefit acts. This indemnification clause is intended to be comprehensive. Any overlap in provisions, or the fact that greater specificity is provided as to some categories of risk, is not intended to limit the scope of indemnification under any other provisions.

### *7.3 Patent/Copyright Infringement Indemnification*

(a) To the extent permitted by law, the Contractor must indemnify and hold Wayne RESA harmless from liability, including all claims and losses, and all related costs and expenses (including reasonable attorneys' fees and costs of investigation, litigation, settlement, judgments, interest, and penalties) resulting from any action threatened or brought against Wayne RESA to the

extent that the action is based on a claim that any piece of equipment, software, commodity, or service supplied by the Contractor or its subcontractors, or its operation, use, or reproduction, infringes any United States patent, copyright, trademark or trade secret of any person or entity.

(b) If, in Wayne RESA's or the Contractor's opinion, any piece of equipment, software, commodity or service supplied by the Contractor or its subcontractors, or its operation, use, or reproduction, is likely to become the subject of an infringement claim, the Contractor must, at its expense: (i) procure for the State the right to continue using the equipment, software, commodity or service or, if this option is not reasonably available to the Contractor; (ii) replace or modify to Wayne RESA's satisfaction the same with equipment, software, commodity or service of equivalent function and performance so that it becomes non-infringing, or, if this option is not reasonably available to Contractor; (iii) accept its return by Wayne RESA with appropriate credits to Wayne RESA against the Contractor's charges and reimburse Wayne RESA for any losses or costs incurred as a consequence of Wayne RESA ceasing its use and returning it.

(c) Notwithstanding the foregoing, the Contractor has no obligation to indemnify or defend Wayne RESA for, or to pay any costs, damages or attorneys' fees related to, any infringement claim based upon: (i) equipment, software, commodity or service developed based on written specifications of Wayne RESA; (ii) use of the equipment, software, or commodity in a configuration other than implemented or approved by the Contractor, including any modification of the same by Wayne RESA; or (iii) the combination, operation, or use of the equipment, software, or commodity with equipment, software, or commodities not supplied by the Contractor under this Contract.

#### 7.4 *Continuing Obligation*

The Contractor's duty to indemnify continues in full force and effect, notwithstanding the expiration or early cancellation of the contract, with respect to any claims based on facts or conditions that occurred before expiration or cancellation.

#### 7.5 *Limitation of Liability*

Neither the Contractor nor Wayne RESA is liable to each other, regardless of the form of action, for consequential, incidental, indirect, or special damages. This limitation of liability does not apply to claims for infringement of United States patent, copyright, trademark or trade secrets; to claims for personal injury or damage to property caused by the gross negligence or willful misconduct of the Contractor; to claims covered by other specific provisions of this contract calling for liquidated damages; or to court costs or attorneys' fees awarded by a court in addition to damages after litigation based on this.

The Contractor must notify Wayne RESA about the nature of any conflict or appearance of impropriety within two days of learning about it.
- (h) Neither the Contractor nor any affiliates, nor any employee of either, has accepted or will accept anything of value based on an understanding that the actions of the Contractor, its affiliates, or its employees on behalf of Wayne RESA would be influenced. The Contractor must not attempt to influence any Wayne RESA employee by the direct or indirect offer of anything of value.

(i) Neither the Contractor nor any affiliates, nor any employee of either, has paid or agreed to pay any person, other than bona fide employees and consultants working solely for the Contractor or the affiliate, any fee, commission, percentage, brokerage fee, gift, or any other consideration, contingent upon or resulting from the award or making of this Contract.

(j) The Contractor arrived at its proposed prices independently, without communication or agreement with any other Proposer for the purpose of restricting competition. (k) All financial statements, reports, and other information furnished by the Contractor to Wayne RESA in connection with the award of this contract fairly and accurately represent the Contractor's business, properties, financial condition, and results of operations as of the respective dates covered by the financial statements, reports, or other information. (l) All written information furnished to Wayne RESA by or for the Contractor in connection with the award of this contract is true, accurate, and complete, and contains no false statement of material fact nor omits any material fact that would make the submitted information misleading.

## **8.2    *RESERVED***

## **8.3    *RESERVED***

## **8.4    *Warranty of Title***

The Contractor must convey good title to any Deliverable(s) provided to Wayne RESA. All Deliverable(s) provided by the Contractor must be delivered free from any security interest, lien, or encumbrance of which Wayne RESA, at the time of contracting, has no knowledge. Deliverable(s) provided by the Contractor must be delivered free of any rightful claim of infringement by any third person.

## **8.5    *Consequences for Breach***

In addition to any remedies available in law, if the Contractor breaches any of the warranties contained in Section 8, Warranties, the breach may be considered a material default.

# **9.    *Contract Administration***

### 9.1 *Issuing Office*

This Contract is issued by Wayne RESA on behalf of all counties and local units of government. Wayne RESA Administrator or designee is the only entity authorized to modify the terms and conditions of this contract, including the prices and specifications. The Contract Administrator will be designated at the time of the contract award.

### 9.2 *Contract Administrator*

The Contract Administrator will monitor and coordinate contract activities on a day-to-day basis.

### 9.3 *Contract Changes*

(a) If Wayne RESA requests or directs the Contractor to provide any Deliverable(s) that the Contractor believes are outside the scope of the Contractor's responsibilities under the contract, the Contractor must notify Wayne RESA before performing the requested activities. If the Contractor fails to notify Wayne RESA, any activities performed will be considered in-scope and not entitled to additional compensation or time. If the Contractor begins work outside the scope of the contract and then ceases performing that work, the Contractor must, at the request of Wayne RESA, retract any out-of-scope work that would adversely affect the contract.

(b) Wayne RESA or the Contractor may propose changes to the contract. If the Contractor or Wayne RESA requests a change to the Deliverable(s) or if Wayne RESA requests additional Deliverable(s), the Contractor must provide a detailed outline of all work to be done, including tasks, timeframes, listing of key personnel assigned, estimated hours for each individual per Deliverable, and a complete and detailed cost justification. If the parties agree on the proposed change, Wayne RESA Administrator will prepare and issue a notice that describes the change, its effects on the Deliverable(s), and any affected components of the contract (Contract Change Notice).

(c) No proposed change may be performed until Wayne RESA issues a duly executed Contract Change Notice for the proposed change.

### 9.4 *Price Changes*

Prices quoted on all bids, are the maximum for a period of 365 days from the date the contract becomes effective. Requested changes may include increases or decreases in price and must be accompanied by supporting information indicating market support of proposed modifications (such as the CPI and PPI, US City Average, as published by the US Department of Labor, Bureau of Labor Statistics).

(a) Wayne RESA may request a review upon 30 days written notice that specifies what deliverable is being reviewed. At the review, each party may present supporting information including information created by, presented, or received from third parties.

(b) Following the presentation of supporting information, both parties will have 30 days to review the supporting information and prepare any written response.

(c) In the event the review reveals no need for modifications of any type, pricing will remain unchanged unless mutually agreed to by the parties. However, if the review reveals that changes may be recommended, both parties will negotiate in good faith for 30 days unless extended by mutual agreement of the parties.

(d) If the supporting information reveals a reduction in prices is necessary and Contractor agrees to reduce rates accordingly, then Wayne RESA may elect to exercise the next one-year option, if available.

(e) If the supporting information reveals a reduction in prices is necessary and the parties are unable to reach agreement, then Wayne RESA may eliminate all remaining contract renewal options.

(f) Any changes based on the review must be implemented through the issuance of a Contract Change Notice.

#### *9.5 Covenant of Good Faith*

Each party must act reasonably and in good faith. Unless otherwise provided in this contract, the parties will not unreasonably delay, condition or withhold their consent, decision, or approval any time it is requested or reasonably required in order for the other party to perform its responsibilities under the contract.

#### *9.6 Assignments*

(a) Neither party may assign this contract, or assign or delegate any of its duties or obligations under the contract, to another party (whether by operation of law or otherwise), without the prior approval of the other party. Wayne RESA may, however, assign this contract to any other Wayne RESA, or local unit of government without the prior approval of the Contractor.

(b) If the Contractor intends to assign this contract or any of the Contractor's rights or duties under the contract, the Contractor must notify Wayne RESA and provide adequate information about the assignee at least 90 days before the proposed assignment or as otherwise provided by law or court order. Wayne RESA may withhold approval from proposed assignments, subcontracts, or novations if Wayne RESA determines, in its sole discretion, that the transfer of responsibility would decrease Wayne RESA's likelihood of receiving performance on the contract or Wayne RESA's ability to recover damages.

(c) If Wayne RESA permits an assignment of the Contractor's right to receive payments, the Contractor is not relieved of its responsibility to perform any of its contractual duties. All payments must continue to be made to one entity.

#### *9.7 Criminal Background Checks*

Supplier hereby certifies that any employees, subcontractors and volunteers of the Supplier who will have duties related to the contracted services; have passed a Wayne RESA criminal history background check if required.

## **10. Acceptance of Deliverables**

### *10.1 Delivery Responsibilities*

Unless otherwise specified by Wayne RESA, the following are applicable to all deliveries:

- (a) The Contractor is responsible for delivering the deliverable(s) by the applicable delivery date to the location(s) specified in the SOW or individual Purchase Order.
- (b) The Contractor must ship the deliverable(s) "F.O.B. Destination, within Government Premises."
- (c) Wayne RESA will examine all packages at the time of delivery. The quantity of packages delivered must be recorded and any obvious visible or suspected damage must be noted at the time of delivery using the shipper's delivery document(s) and appropriate procedures to record the damage.

### *10.2 Process for Acceptance of Deliverable(s)*

Wayne RESA's review period for acceptance of the deliverable(s) is governed by the applicable Statement of Work, and if the Statement of Work does not specify Wayne RESA's review period, it is by default 30 days for a deliverable (Wayne RESA Review Period). Wayne RESA will notify the Contractor by the end of Wayne RESA Review Period that either:

- (a) the deliverable is accepted in the form delivered by the Contractor;
- (b) the deliverable is accepted, but noted deficiencies must be corrected; or
- (c) the deliverable is rejected along with notation of any deficiencies that must be corrected before acceptance of the deliverable.

If Wayne RESA delivers to the Contractor a notice of deficiencies, the Contractor will correct the described deficiencies and within 30 Days resubmit the deliverable(s) with an explanation that demonstrates all corrections have been made to the original deliverable(s). The Contractor's correction efforts will be made at no additional charge. Upon receipt of a corrected deliverable from the Contractor, Wayne RESA will have a reasonable additional period of time, not to exceed 30 Days, to accept the corrected deliverable.

### *10.3 Acceptance of Deliverable(s)*

- (a) Wayne RESA's obligation to comply with any Wayne RESA Review Period is conditioned on the timely delivery of the deliverable(s). Wayne RESA Review Period will begin on the first business day following Wayne RESA's receipt of the deliverable(s).
- (b) Wayne RESA may inspect the deliverable to confirm that all components have been delivered without material deficiencies. If Wayne RESA determines that the

deliverable or one of its components has material deficiencies, Wayne RESA may reject the deliverable without performing any further inspection or testing.

(c) Wayne RESA will only approve a deliverable after confirming that it conforms to and performs according to its specifications without material deficiency. Wayne RESA may, in its discretion, conditionally approve a deliverable that contains material deficiencies if Wayne RESA elects to permit the Contractor to correct those deficiencies post-approval. The Contractor remains responsible for working diligently to correct within a reasonable time at the Contractor's expense, all deficiencies in the deliverable that remain outstanding at the time of Wayne RESA approval.

(d) If, after three opportunities the Contractor is unable to correct all deficiencies, Wayne RESA may: (i) demand that the Contractor cure the failure and give the Contractor additional time to do so at the sole expense of the Contractor; (ii) keep the Contract in force and perform, either itself or through other parties, whatever the Contractor has failed to do, and recover the difference between the cost to cure the deficiency and the Contract price plus an additional amount equal to 10% of Wayne RESA's cost to cure the deficiency; or (iii) fully or partially terminate the Contract for default by giving notice to the Contractor. Notwithstanding the foregoing, Wayne RESA cannot use, as a basis for exercising its termination rights under this Section, deficiencies discovered in a repeat Wayne RESA Review Period that could reasonably have been discovered during a prior Wayne RESA Review Period.

(e) Wayne RESA, at any time and in its reasonable discretion, may reject the deliverable without notation of all deficiencies if the acceptance process reveals deficiencies in a sufficient quantity or of a sufficient severity that renders continuing the process unproductive or unworkable.

## **11. Stop Work Order & Termination**

### *11.1 Stop Work Order*

Wayne RESA may, by issuing a Stop Work Order, require that the Contractor fully or partially stop work for a period of up to 90 calendar days, and for any further period to which the parties agree. Upon receipt of the Stop Work Order, the Contractor must immediately take all reasonable steps to minimize incurring costs. Within the period of the Stop Work Order, Wayne RESA must either: (a) terminate the Stop Work Order; or (b) terminate the work covered by the Stop Work Order.

### *11.2 Termination of Stop Work Order*

The Contractor must resume work if Wayne RESA terminates a Stop Work Order or if it expires. The parties will agree upon an equitable adjustment in the delivery schedule, the Contract price, or both, and the Contract must be modified, if: (a) the Stop Work Order results in an increase in the time required for, or the Contractor's costs properly allocated to, the performance of the Contract; and (b) the Contractor asserts its right to an equitable adjustment within 20 days after the end of the Stop Work Order by submission of a request for adjustment to Wayne RESA; provided

that, Wayne RESA may receive and act upon the Contractor's request submitted at any time before final payment. Any adjustment will conform to the requirements of Section 9.3, Contract Changes.

### *11.3 Allowance of the Contractor's Costs*

If Wayne RESA fully or partially terminates the work covered by the Stop Work Order, for reasons other than material breach, the termination is a termination for convenience under Section 11.6, Termination by Wayne RESA, and Wayne RESA will pay reasonable costs resulting from the Stop Work Order in arriving at the termination settlement. Wayne RESA is not liable to the Contractor for lost profits because of a Stop Work Order issued under Section 11.1, Stop Work.

### *11.4 Notice and Right to Cure*

If the Contractor breaches the Contract, and Wayne RESA, in its sole discretion, determines that the breach is curable, Wayne RESA will provide the Contractor notice of the breach and a period of at least 30 days to cure the breach. Wayne RESA does not need to provide notice or an opportunity to cure for successive or repeated breaches or if Wayne RESA determines, in its sole discretion, that a breach poses a serious and imminent threat to the health or safety of any person or the imminent loss, damage, or destruction of any real or tangible personal property.

### *11.5 Termination for Cause*

(a) Wayne RESA may fully or partially terminate this Contract for cause by notifying the Contractor if the Contractor: (i) breaches any of its material duties or obligations (including a Chronic Failure to meet any SLA); or (ii) fails to cure a breach within the time period specified in a notice of breach provided by Wayne RESA

(b) The Contractor must pay all reasonable costs incurred by Wayne RESA in terminating this Contract for cause, including administrative costs, attorneys' fees and court costs, and any additional costs Wayne RESA incurs to procure the deliverable(s) from other sources. Re-procurement costs are not consequential, indirect, or incidental damages, and cannot be excluded by any other terms otherwise included in this Contract, provided the costs are not in excess of 50% more than the prices for the Deliverable(s).

(c) If Wayne RESA partially terminates this Contract for cause, any charges payable to the Contractor will be equitably adjusted to reflect those deliverable(s) that are terminated. Wayne RESA must pay for all deliverable(s) for which final acceptance has been granted before the termination date. Any services or related provisions of this Contract that are terminated for cause must cease on the effective date of the termination.

(d) If Wayne RESA terminates this Contract for cause and it is determined, for any reason, that the Contractor was not in breach of the Contract, the termination will be deemed to have been a termination under Section 11.6,

Termination for Convenience, effective as of the same date, and the rights and obligations of the parties will be limited to those provided in that Section.

#### *11.6 Termination for Convenience*

Wayne RESA may fully or partially terminate this Contract for its convenience if Wayne RESA determines that a termination is in Wayne RESA's best interest. Reasons for the termination are within the sole discretion of Wayne RESA and may include: (a) Wayne RESA no longer needs the deliverable(s) specified in this Contract; (b) a relocation of office, program changes, or changes in laws, rules, or regulations make the Deliverable(s) no longer practical or feasible for Wayne RESA; (c) unacceptable prices for Contract changes; or (d) falsification or misrepresentation, by inclusion or non-inclusion, of information material to a response to any solicitation issued by Wayne RESA. Wayne RESA may terminate this Contract for its convenience by giving Contractor notice at least 30 days before the date of termination. If Wayne RESA chooses to terminate this Contract in part, any charges payable to the Contractor must be equitably adjusted to reflect those deliverable(s) that are terminated.

#### *11.7 Termination for Criminal Conviction*

Wayne RESA may terminate this Contract immediately and without further liability or penalty if the Contractor, an officer of the Contractor, or an owner of a 25% or greater share of the Contractor is convicted of a criminal offense related to a Wayne RESA, public, or private Contract or subcontract.

#### *11.8 Rights and Obligations upon Termination*

(a) If Wayne RESA terminates this Contract for any reason, the Contractor must:

- (i) stop all work as specified in the notice of termination;
- (ii) take any action that may be necessary, or that Wayne RESA may direct, to preserve and protect deliverable(s) or other Wayne RESA property in the Contractor's possession;
- (iii) return all materials and property provided directly or indirectly to the Contractor by any entity, agent, or employee of Wayne RESA;
- (iv) transfer title in and deliver to Wayne RESA, unless otherwise directed, all deliverable(s) intended to be transferred to Wayne RESA at the termination of the Contract (which will be provided to Wayne RESA on an "As-Is" basis except to the extent Wayne RESA compensated the Contractor for warranty services related to the materials);
- (v) to the maximum practical extent, take any action to mitigate and limit potential damages, including terminating or limiting subcontracts and outstanding orders for materials and supplies; and
- (vi) take all appropriate action to secure and maintain Wayne RESA information confidentially.

(b) If Wayne RESA terminates this Contract under Section 11.6, Termination for Convenience, Wayne RESA must pay the Contractor all charges due for deliverable(s) provided before the date of termination and, if applicable, as a separate item of payment, for work-in-progress, based on a percentage of completion determined by Wayne RESA. All completed or partially completed deliverable(s) prepared by the Contractor, at the option of Wayne RESA, become Wayne RESA's property, and the Contractor is entitled to receive equitable compensation for those deliverable(s). Regardless of the basis for the termination, Wayne RESA is not obligated to pay or otherwise compensate the Contractor for any lost expected future profits, costs, or expenses incurred with respect to deliverable(s) not actually completed.

(c) If Wayne RESA terminates this contract for any reason, Wayne RESA may assume, at its option, any subcontracts and agreements for deliverable(s), and may pursue completion of the deliverable(s) by replacement contract or as Wayne RESA deems expedient.

#### *11.9 Reservation of Rights*

In the event of any full or partial termination of this contract, each party reserves all rights or remedies otherwise available to the party.

#### *11.10 Contractor Transition Responsibilities*

If this Contract terminates under, Termination by Wayne RESA, the Contractor must make reasonable efforts to transition the performance of the work, including all applicable equipment, services, software, and leases, to Wayne RESA or a third party designated by Wayne RESA within a reasonable period of time that does not exceed 30 days from the date of termination. The Contractor must provide any required reports and documentation.

#### *11.11 Termination by Contractor*

If Wayne RESA breaches the contract and the Contractor, in its sole discretion, determines that the breach is curable, the Contractor will then provide Wayne RESA with notice of the breach and a time period (not less than 30 days) to cure the breach.

The Contractor may terminate this Contract if Wayne RESA: (a) materially breaches its obligation to pay the Contractor undisputed amounts due; (b) breaches its other obligations to an extent that

makes it impossible or commercially impractical for the Contractor to complete the deliverable(s); or (c) does not cure the breach within the time period specified in a notice of breach. The Contractor must discharge its obligations under Section 4.10, Dispute Resolution, before it terminates the contract.

The pricing provided in this proposal will remain valid for one year from the date it's submitted.

***Award of this proposal is contingent upon the approval of funding from Wayne RESA Board of Education. Electronic forms of all bid documents are available online at: Wayne RESA Bid Documents***

## Features Specifications

	Supported	Not Supported	Comments
<b>1. Platform solution</b>			
a. <u>Vendor Hosted Solution</u>	X		Laserfiche Cloud is a cloud-native platform that provides document imaging, document management, records management, process automation and workflow functionality.
i. Describe the location of repository	X		For US customers, Laserfiche Cloud is hosted in the Amazon Web Services Pacific Northwest region. All data is hosted and stored in the United States.
ii. Technical Specifications: Provide details here or attach a document from review.	X		<p>Technical Specifications is a vague term. Laserfiche is willing to provide a high-level network topology diagram that shows data flows and security gates if a mutual non-disclosure agreement is executed. This information is considered “confidential trade secrets” and is not included in RFPs that may be made public.</p> <p>In general, Laserfiche Cloud was developed specifically to leverage the elastic scalability of AWS and automatically replicates data between data centers within the AWS region for high availability. Laserfiche Cloud does not require any software to be downloaded but provides client-side applications for scanning, printing directly into the repository and integrating with other applications.</p>

	Supported	Not Supported	Comments
			The Laserfiche Repository includes document imaging, document management and Department of Defense certified (DoD 5015.2) records management, security auditing and reporting capabilities. The Process Automation suite provides the ability to build business processes that utilize web forms to collect information and documents throughout a process. The workflow system provides the ability to generate structured content from data captured through a process, automate actions within the repository and synchronize data with other applications.
<b>b. On Premise Solution</b>			
i. Describe possible location of the repository	X		Repository data is made up of system metadata managed through a SQL Server database and Laserfiche Volumes that can be stored on any media that can be accessed via UNC path.
ii. Technical Specifications: Provide details here or attach a document from review.	X		The self-hosted Laserfiche software employs a multi-server, multi-repository model so customers have complete control over system topology. Similar to Laserfiche Cloud, the self-hosted software bundles the comprehensive set of tools listed above.
c. End User Technical Specifications: Provide details here or attach a document from review.	X		As mentioned above, Laserfiche does not require any software to be downloaded. Any device that can run a supported browser (Chrome, Edge, Safari and Firefox) can access Laserfiche via the Web Client. The Web Client is responsive and adjusts layout and presentation based on device type and screen size. Additionally, Laserfiche bundles mobile apps for the iOS, Android and Windows mobile operating systems.
i. Scanner hardware compatibility	X		Laserfiche is compatible with all scanners that support TWAIN or ISIS scanner drivers.

	Supported	Not Supported	Comments
ii. Support for network attached multi-function copiers	X		The Laserfiche Import Agent was designed specifically to work with networked multi-function copiers. It can be configured to monitor network locations where scanned documents are saved, automatically process documents and file them in the repository. Additionally, Laserfiche supports native applications for Ricoh and Samsung copiers.
d. Flexible Architecture for folders and files	X		Laserfiche utilizes a nested folder hierarchy to organize documents. It's OPG-3's standard practice to implement document filing workflows that build and manage the file plan (folder structure, standardized naming, metadata schema and records management objects) automatically.
e. Multi-tenant capable - allowing one entity to manage multiple instances belonging to affiliated organizations	X		For self-hosted deployment, Laserfiche provides the ability to set up "Organizations" within the Laserfiche Directory Server (where licenses are managed). This functionality was developed specifically for cooperative purchasing and shared service scenarios. For Laserfiche Cloud, the system is natively multi-tenant, but aggregating and centralizing billing is handled manually by the Solution Provider (OPG-3). Management of the systems is performed by a "Support User" account that can be activated on demand and is automatically de-activated after a set period.

	Supported	Not Supported	Comments
<b>2. Secure - Access Control &amp; Monitoring</b> - The following specifications seek to understand how the system provides login, data controls, audit logs and secure access to data.			
a. User Security			
i. Capable of Multi-Factor Authentication (MFA) or SSO	X		Laserfiche Cloud supports both MFA and SSO
ii. Log every action	X		The Laserfiche audit trail system provides very granular auditing capabilities including successful and failed actions, administrative activity and search terms. The level of auditing can be configured at the user or group level.
iii. Support of flexible security (granular, by page, permissions)	X		Laserfiche provides a very granular, multi-level security model. Feature rights define what a user can do generally. Privileges are similar but encompass administrative type activities and can be distributed across multiple roles. Access rights are where security is finely tuned within the repository and can be set at the folder, document or page level. Setting Access Rights follows the Windows paradigm using scope and inheritance. Additional levels of security can be applied that supersede the rights described above including security tags, field security, template security and volume (for self-hosted deployment) security.
iv. Role / Permission User security “Granular rights Management”	X		Laserfiche provide integration with Active Directory where AD groups are linked to Laserfiche Groups. In most cases, roles are defined using a combination of groups for department (access) and role (functionality).
b. Backup option for local storage to be offline, off net	X		Laserfiche is compatible with standard backup tools. The system requires the backup of database and volume files.
c. Backup option for cloud services	X		Laserfiche Cloud automatically takes daily snapshots that are used for backup.

	Supported	Not Supported	Comments
d. Password policy options, if SSO not enabled	X		It's not an either/or option. "Laserfiche Accounts" can be created that use a user/password option for login and Laserfiche provides the ability to set password age, length, complexity, etc. based on your requirements.
e. Encryption options	X		In Laserfiche Cloud, data is encrypted at rest and in transmission. For self-hosted solutions, the Laserfiche applications use SSL and IP Sec for communication and data at rest can be encrypted using standard database and full disc encryption tools.
f. Describe systems independent testing of security vulnerabilities. Please provide by which company/organization.	X		Laserfiche employs White Hat security to perform code review and active penetration testing. Additionally, Laserfiche undergoes a SOC 2, Type II audit covering data privacy and data protection every 2 years.

<b>3. Secure - Data Lifecycle Management</b> - The following specifications seek to understand the system supports current storage, retention and destruction standards.			
a. Meets State of Michigan Record retention requirements (i.e. Flagging retention duration and compliance for destruction)	X		Both self-hosted and cloud-native deployment options provide Department of Defense (DoD 5015.2) certified records management functionality. This comprehensive set of lifecycle management tools can be implemented “transparently” so the rigid structure of a traditional file plan is not needed and the repository can be designed to meet the needs of each department.
b. Ability to freeze all documents for Legal hold	X		Legal Holds can be applied that freeze retention and block any ability to process documents even if their retention period has expired.
c. Ability to archive historical documents as "inactive"	X		Historical records would be cut-off so they’re locked down and cannot be modified, but not retention period or final disposition will be applied so they’re kept permanently. This is different than applying a formal “Permanent” designation but provides the same result with much more flexibility.
d. Describe standards of encryption supported in databases, systems, or applications.	X		As mentioned above, all data is natively encrypted in Laserfiche Cloud. With self-hosted deployment, data in transit is encrypted using SSL or IP Sec. Data at rest is encrypted using the database and/or full disc encryption tools within your technical environment.

<b>4. Secure - Data Ownership</b> - The following specifications seek to understand data protection, privacy and ownership rights.			
a. Data is stored in compliance with CJIS standards	X		OPG-3 has deployed Laserfiche for more than 150 cities in the Upper Midwest and has always been able to meet their interpretation of CJIS standards.
b. Data is stored in compliance with HIPAA standards	X		Native to Laserfiche Cloud, part of your standard practice within your network.
c. Supports compliance with State and Federal Privacy Laws including but not limited to HIPPA, FERPA and Children's Online Privacy Protection Rule ("COPPA"), by ensuring only district authorized persons have access to Personally Identifiable Information (PII).	X		Native to Laserfiche Cloud, part of your standard practice within your network.
d. Describe Personal Identifiable Information(PII) collected for people including teachers, staff, students, others.	X		The metadata fields used to collect information about documents are user defined. There's no requirement to collect PII. As mentioned previously, those fields can be secured regardless of a user's access or feature rights. PII contained within a document can be secured through redaction. Additionally, Laserfiche workflow can automatically apply redactions based on text pattern.
e. Describe student data collected and the purpose.	X		As mentioned above, this is user/organization defined. Typically, Student ID, Name and Grad date are collected along with Document Type. Everything else can be accessed via integration with the student information system.
f. Do you share student or staff data with any third party? If so, why?		X	Neither OPG-3 nor Laserfiche will share any student or staff data with a third party. OPG-3 does not utilize subcontractors and all engineers go through a CJIS background check every 2 years.
g. Have you taken the Student Privacy Pledge (SPP)?		X	We have not but will if awarded this contract.
h. Data must be property of District and Export provided upon request with indexing	X		All data is your property. You always have the ability to export documents and metadata in an ad-hoc or bulk fashion.

	Supported	Not Supported	Comments
i. Do you have a hold harmless agreement (HHA) that you can provide in this response? Please include.	X		The End User License Agreement (EULA) has been attached.
j. Do you notify your customers of changes in any of the above sections of Data Governance? If so, what is your method of notifications?	X		For Laserfiche Cloud deployment, users are notified of updates and the agreement is available online.
k. How is student data stored, where (location) and how is it protected?	X		As mentioned previously, whether or not student data is collected and stored is up to the school/district when they design their file plan working with OPG-3. If student data is collected, it's stored in the database (AWS Pacific Northwest Region for Laserfiche Cloud, your local network for self-hosted). In Laserfiche Cloud, the data is encrypted at rest and in transit. For self-hosted deployment, it's secured using your network security.
l. Explain the backup process: Are the backups encrypted in transit, who has access to backups, and if we discontinue business with your company, are backups of our data purged?	X		For Laserfiche Cloud, snapshots are taken daily and used as backups. If the system needs to be restored, that happens automatically, and no one has direct access to the snapshots (they are encrypted in ASW S3 storage). If an organization decides not to renew their Laserfiche Cloud subscription, they have 90 days to export their data and then all data (including backups) is purged. For self-hosted deployment, the system is backed up using your preferred backup tools and secured using your existing policies.

<b>5. Usable - Data Capture Controls</b> - The following specifications seek to understand how the system efficiently enforces quality data capture.			
a. Searchable	X		Laserfiche provides OCR and text extraction tools to make the contents of documents full-text searchable. Laserfiche Cloud also offers handwriting recognition.
b. Describe system ability to edit/clean scanned documents	X		Laserfiche Scanning and Laserfiche Quick Fields provide several document cleanup tools. However, most of these tools are also available through your scanner at the hardware level. OPG-3 always uses the scanner tools when available because it's much faster.
c. Describe system ability to auto-file scanned documents	X		As mentioned previously, it's a standard OPG-3 practice to implement capture workflow processes that build and manage the file plan automatically.
d. Describe system ability to add comments/notes to documents	X		Users with the appropriate security permissions can apply annotations to documents (as overlays that don't modify the imaged document) such as notes, stamps, text callouts, redactions, highlights, etc. Users can mark their annotations as private (only they can view) and/or protected (only they can modify). Additionally, annotations with text are added to the searchable text associated with the document.
e. Describe document level indexing and file/folder level indexing	X		Laserfiche fields are user defined metadata that can be configured as text, number, currency, date or list objects. List fields can be automatically populated from lookup tables and filtered based on previous choices. Fields can be grouped together as Templates (document type) or applied individually. They can be applied at the document and folder level.

<b>6. Usable - Localized Data</b> - The following specifications seek to understand how the system allows for the flexible or localized data elements.			
a. File and document tagging	X		Laserfiche provides the ability to define and apply informational and security tags to documents and folders.
b. Describe ability to search and export documents with a shared tag or PII element	X		Laserfiche provides the ability to search for documents based on any property including tag or PII element (defined as a field) and export them as long as the user has been granted the necessary permissions.

<b>7. Usable - Reporting / Redaction</b> - The following specifications seek to understand how the system supports sharing of summary and detailed data.			
a. <u>Easily view logs of every action including:</u>	X		
i. When a document was scanned or imported into the system (and by whom).	X		As mentioned previously, every action can be logged and audit history/reports can be viewed from the document/folder directly or through the Audit Trail Reporting system.
ii. When and how a document was indexed, and/or reindexed (and by whom).	X		See above
iii. If and when a document was moved from one data collection to another (and by whom).	X		See above
iv. If and when a copy was printed or uploaded (and by whom).	X		See above
v. Is there an ability to limit printing of documents and/or watermarks for secured document?	X		The "export" event can be controlled. Users can be given the ability to export (print, download, email) documents but required to provide a reason and the system can also apply a watermark (static or dynamic) to provide

	Supported	Not Supported	Comments
			additional security to documents that have been taken out of the system.
vi. Location / workstation the action was performed.	X		If users are accessing the repository via the Windows client, their workstation will be logged. If they're using the Web client, their IP Address will be logged.
vii. If and when a document was viewed/accessed (and by whom).	X		As mentioned previously all activity can be logged. All activities include user and date/time action occurred.
viii. What searches were executed (and by whom), whether or whether not any documents were returned.	X		Search terms and number of results are logged.
b. Customized Reports: Audits, compliance view of data/transactions	X		Audit reports can be generated directly from the document folder or through the Audit Trail Reporting system. Custom reports can be defined and published, and users can subscribe to them.

<b>8. Usable - Data Integration</b> - The following specifications seek to understand how the system supports data integrations and exports.			
c. Access integration with existing Student Information Systems and Financial systems (i.e. use a piece of information from SIS to pull up folder or reference in document repository – Student ID)	X		Laserfiche provides several out-of-the-box integration tools and looking up data from SIS and finance systems is one of the most common. Conversely, Laserfiche Connector can be used to image-enable the SIS or Finance system by making documents available through their interfaces using metadata (such as Student ID) as search criteria. Connector can run advanced searches so the integration can be very specific, and you can set up multiple actions for Connector.
d. Application integration Student Information System (MISTAR-Q, Skyward, Illuminate, Powerschool, Edulink)	X		With nearly 100 school district customers in the Upper Midwest, OPG-3 has integrated Laserfiche with several

	Supported	Not Supported	Comments
			student information systems. Skyward and Powerschool are the most common.
e. Application integration ERP (SMART, Frontline, Red Rover)	X		OPG-3 has integrated Laserfiche with SMART, Frontline and several other ERP systems. Red Rover does not show up in our customer notes but that doesn't mean we haven't integrated with it.
f. Application integration Other (Service Desk/Project Mangement - Jira, Slack, MS Teams)	X		Laserfiche provides an out-of-the-box integration with Teams but Connector can be used to integrate with the other cloud-based project management tools.
g. Michigan Data Hub	X		Laserfiche provides the ability to call web services from a workflow in real-time or on a schedule.
h. Integration customization / creation process	X		The SDK Laserfiche makes available to Solution Providers and customers includes the same programming interfaces Laserfiche uses to build all client-side applications so it's comprehensive, production tested and well documented.

	Supported	Not Supported	Comments
<b>9. Usable - Data Relationship Mapping</b> - The following specifications seek to understand any data object-relationship map available that supports conducting a data inventory.			
a. Describe documentation available to organize, catalog, and index documents and meta data	X		The Laserfiche Solution Marketplace provides more than 100 free solution templates that include documentation related to organizing, cataloging and indexing metadata. Additionally, OPG-3 has developed a series of templated frameworks (menu solutions) specifically for school districts that include "infrastructure" solutions targeting the capture and organization of documents and metadata.

	Supported	Not Supported	Comments
<b>10. Trustworthy - Supporting Business Rules</b> - The following specifications seek to understand how the system support district's documented business rules, workflow and processes.			
a. Describe ability to support workflow integrations	<u>X</u>		The Laserfiche workflow system includes a set of preconfigured integration activities that provide the ability to configure real-time and scheduled integrations.
b. Describe ability to customized business rules for workflows	<u>X</u>		The Laserfiche Process Modeler and Workflow Designer both use a canvas with activities that are dragged, configured according to a wizard and connected visually.

	Supported	Not Supported	Comments
<b>11. Trustworthy - Data Repair</b> - The following specifications seek to understand how the system allows correcting data with auditing/documentation/proof.			
a. Describe ability to repair/correct data and capture appropriate auditing documentation	<u>X</u>		The capture workflows OPG-3 implements are predicated on lookups to validate metadata and lookup supplementary information. They utilize dynamic fields that perform the lookup in real-time, so users know if the data they input (or selected) was correct. We specifically configure this type of real-time validation to minimize the use of exception/correction queues. In cases where document processing may be automated, rules based on lookups, required fields or confidence levels can be used to route documents to a queue for data repair.
b. Ability to review and correct bulk updates and imports.	<u>X</u>		Most of the relevant bulk updates are built into the menu solutions we provide. For example, when an employee changes their name or terminates their employment, Laserfiche determines that change via integration and

			workflow automatically applies that change to all documents.

	Supported	Not Supported	Comments
<b>12. Trustworthy - Data Restoration</b> - The following specifications seek to understand how the system allows for restoration of incorrectly or improperly changed data.			
a. In the event of a data security breach, how quickly will you notify us-and what steps will you take?	X		For Laserfiche Cloud, this is part of the Laserfiche Cloud Agreement. For self-hosted deployment, the customer owns the data and would be responsible for identifying breaches to their network.
b. Retention Schedule tagging	X		Applying cutoff rules, retention schedules and final disposition is a file plan component that is set automatically by workflow. Furthermore, business processes that monitor changes in other systems (like termination of employment or graduation) can automatically perform cutoff which starts the retention period.

	Supported	Not Supported	Comments
<b>13. Optional Services:</b>			
a. Describe available Scanning Services for digitizing paper document stores.	X		OPG-3 partners with Scanning America, a national scanning service bureau. Scanning America uses Laserfiche to digitize and index documents and we work closely to provide file plan definitions so the documents they scan can be integrated into the repository.

b. Describe available and included Training Services	X		Laserfiche provides a series of training videos embedded into the Laserfiche Cloud platform. Laserfiche also offers online training and certification and OPG-3 provides scholarships to up to 4 personnel for each new customer. Every project OPG-3 implements is governed by a statement of work that includes system documentation as well as user and admin training as deliverables in the last phase of the project. OPG-3 also hosts free monthly “Lunch and Learn” training sessions that are open to all customers and rotates between basic and advanced topics.
c. Describe available and included Workflow creation services initially and ongoing.	X		OPG-3 provides implementation services including the design, implementation and support of business processes. As mentioned previously, OPG-3 has a menu of templated solution frameworks that are designed to be rapidly implemented and customized for each implementation.
d. Describe available Secure form creation tools and process	X		See above
e. Describe available and included Data migration services	X		Nearly every new implementation OPG-3 performs includes a migration from a legacy system. OPG-3 has developed a set of migration tools that allow us to migrate systems in a cost-effective manner.
f. Describe support for capture and management of Digital Signatures	X		Laserfiche includes signature capabilities in Laserfiche Forms and offers integration with DocuSign and Adobe Sign. OPG-3 has a strong partnership with DocuSign.

## Statewide Cooperative Contract

Wayne Resa is working with the Michigan Association of Counties CoPro+ program on this bid solicitation. If your bid meets the minimum qualifications, is responsive and responsible and offers competitive pricing you may be considered and approached to extend a term agreement and pricing to other public entities within the county, the region, and the state, in accordance with Michigan Compiled Laws 124.504. This process is called “piggybacking”; it offers tremendous value to public ordering entities regarding the cost and time to manage an end-to-end purchasing event. This process also offers exceptional value to selected vendors in terms of their company’s resources and time to respond to multiple solicitations from various public entities who have a similar need for their products or services.

All pricing submitted to Wayne RESA and its participating entities shall include a 2% administrative fee to be remitted to CoPro+ by the contractor on a quarterly basis. Administrative fees will be paid against actual sales volume for each quarter. It is the contractor’s responsibility to keep all pricing up to date and on file with Wayne RESA/CoPro+. All price changes shall be presented to Wayne RESA/CoPro+ for acceptance, using the same format as was accepted in the original contract.

## Solution Questions

The Proposer shall provide a summary that should describe the following:

- a) Key differentiators in service offerings, account management, and value-added services proposed by your company
- b) Your understanding of the scope of requirements and the level to which your proposal has met the requirements
- c) Your approach to meeting the requirements and a description of any services you are proposing to provide as part of your proposal.

### Proposer Response:

Laserfiche has been developing content management and process automation software for more than 35 years and is regularly recognized as a pioneer and leader in the industry. Recently, Laserfiche was recognized as the industry leader in K-12 and Higher Education by Gartner Research and achieved the highest scores of any content services provider in the Gartner Peer Insights survey. Laserfiche has always been recognized for providing intuitive user interfaces and democratizing tools and functionality normally associated with very expensive “enterprise” deployments.

OPG-3 has been designing, implementing, and supporting innovative Laserfiche solutions in

the Upper Midwest for more than 25 years. OPG-3 has been recognized as a Premier Laserfiche Solution Provider and has partnered with nearly 100 school districts. To help school districts leverage their investment in Laserfiche, OPG-3 has developed a menu of templated solution frameworks specifically for schools and several that are universal (human resources and finance related).

OPG-3 has worked with several cooperative purchasing groups or consortiums, so we understand it's important to offer standardized pricing that rewards all participants while working with them as independent entities in terms of implementation. This allows group/consortium members to reap the benefits of group purchasing and custom deployment simultaneously. If there's a solution or process that's common across the group, OPG-3 will create a new solution template that will allow us to offer it at half the cost of a custom implementation.

OPG-3 has Developed a customized implementation of the Agile methodology that fits this type of project while providing the governance often required by school districts. From Agile, we prefer to write requirements as user stories, we rapidly build prototypes to provide context and we provide weekly Sprint Demos to solicit feedback and show progress. From Waterfall, our methodology is spread across 5 phases with defined activities and deliverables that must be accepted before moving to the next phase. That means customers have 5 opportunities to confirm whether we're meeting the requirements of the services we're contracted to provide.

## Comprehensive List of Assumptions

### OPG-3 Professional Services Costs

OPG-3 highly recommends using custom-developed capture and filing workflows to streamline the filing process and ensure the continued accuracy and cleanliness of your system. Pricing information for these capture and filing workflows can be found below. These projects require additional discovery by department. Please consider the costs of these workflows when reviewing OPG-3's bid.

OPG-3 provides comprehensive professional services that include consultation and design, system configuration, integration, migration, and custom software development. The costing estimates for the Document and Workflow Digitization implementation are inclusive of Requirements, Design, System Development, User Acceptance Testing, Push to Production, and Knowledge Transfer and Transition to Support.

Service Costs are dependent on the project(s) that will be implemented. Document capture and filing projects are usually between 15 and 40 hours (\$3,075 - \$8,200) depending on what they include. Typical filing projects include:

- Dynamic metadata fields with lookups to other data sources to automate indexing and provide real-time data validation
- Document filing workflows that build and manage the folder structure, standardize document naming, apply metadata, and assign document retention properties
- Web forms allow users to manage the file plan components themselves to add document types, update retention rules, etc.
- Business processes that update the file plan based on changes in other systems (name change, employment status, etc.).

Professional services for projects are governed by a Statement of Work (SOW) that clearly outlines the scope and deliverables for a project and are priced at **\$205/hour**.

### Document Migration Costs

OPG-3 usually estimates migration projects at 10 hours per document type (at OPG-3's Hourly professional service rate of 205/hour). Estimation may vary on complexity of document formatting or needed metadata.

Certain provisions of the law also apply to Federal commitments for loan guarantees and insurance; however, it provides exemptions for Indian tribes and tribal organizations.

Effective December 23, 1989, current and prospective recipients (and their subtier contractors and/or subgrantees) will be prohibited from using Federal funds, other than profits from a Federal contract, for lobbying Congress and any Federal agency in connection with the award of a particular contract, grant, cooperative agreement, or loan. In addition, for each award action in excess of \$100,000 (or \$150,000 for loans) on or after December 23, 1989, the law requires recipients and their subtier contractors and/or subgrantees to: (1) certify that they have neither used nor will use any appropriated funds for payment to lobbyists; (2) disclose the name, address, payment details, and purpose of any agreements with lobbyists whom recipients or their subtier contractors or subgrantees will pay with profits or nonappropriated funds on or after December 23, 1989; and (3) file quarterly updates about the use of lobbyists if material changes occur in their use. The law establishes civil penalties for noncompliance. If you are a current recipient of funding or have an application, proposal, or bid pending as of December 23, 1989, the law will have the following immediate consequences for you:

You are prohibited from using appropriated funds (other than profits from Federal contracts) on or after December 23, 1989, for lobbying Congress and any Federal agency in connection with a particular contract, grant, cooperative agreement or loan; You are required to execute the attached certification at the time of submission of an application or before any action in excess of \$100,000 is awarded; and You will be required to complete the lobbying disclosure form if the disclosure requirements apply to you.

Regulations implementing Section 319 of Public Law 101-121 have been published an Interim Final Rule by the Office of Management and Budget as Part III of the February 26, 1990, Federal Register (pages 6736-6746).

**CERTIFICATION REGARDING LOBBYING CONTRACTS, GRANTS, LOANS, AND COOPERATIVE AGREEMENTS**

## **RENEWALS**

Laserfiche Solution Providers will receive a renewal quote 90 days prior to the customer's renewal date. Solution providers will have up to 90 days leading to the customer's renewal date to (a) make adjustments to an existing configuration, then (b) notify Laserfiche of intent to renew upon the customer's explicit consent to move forward with the renewal quote. Upon confirmation, Laserfiche will provide an invoice for the upcoming renewal to the solution provider, who is committing to remit payment by the invoice due date.

If an expansion is quoted before renewal confirmation, then the corresponding software support plan will prorate to the customer's current expiration date. If an expansion is quoted after renewal confirmation, then the corresponding software support plan will prorate to the customer's future expiration date, taking into account the renewal commitment.

## **SOFTWARE SUPPORT PLAN AND SOFTWARE CREDIT ELIGIBILITY**

Customers may apply software credit towards the purchase of a Laserfiche Software Solution of equal or greater value ("**Product Upgrades**"), where the amount credited is up to the total initial purchase price of the applicable Laserfiche Software Solution. Ancillary payments such as customer installation fees or extraneous professional services cost are not eligible for credit amounts.

<b>Product Upgrade</b>	<b>Credit Awarded</b>
Perpetual to Perpetual licensing (e.g., <i>Team or United to Avante/Rio or Avante to Rio</i> )	Software and remaining prepaid software support plan credit towards trade-in cost
Perpetual to Subscription-based licensing (e.g., <i>Avante/Rio to on-premises Subscription/Cloud</i> )	Remaining prepaid software support plan credit towards first-year subscription cost
Subscription-based to Perpetual licensing (e.g., <i>on-premises Subscription/Cloud to Avante/Rio</i> )	No credit given

To be eligible for software credit of a Product Upgrade, the software support plan associated with the new Laserfiche Software Solution must be of equal or greater value than the applicable software support plan associated with the Laserfiche Software Solution presented for trade-in. For example, if upgrading to Rio, the software support plan should be of equal or greater value than that of the Avante system being traded in. Multiple affiliated Laserfiche Software Solutions may be traded in for a single system, subject to Laserfiche approval.

If upgrading to subscription-based licensing, Laserfiche will credit the current prorated software support plan towards

first-year subscription costs upon receipt of a signed Laserfiche Letter of Removal (LOR), which acknowledges forfeiture and removal of the perpetual Laserfiche Software Solution being traded in.

If the software support plan is expired at the time of request for a perpetual to perpetual licensing Product Upgrade, the software support plan subscription must be reinstated prior to trade-in to qualify for maximum software credit. If the software support plan was expired for less than one year when upgrading, the end user must pay the Reinstatement Fee (as defined below) to receive 100% software credit. If the software support plan is expired for more than one year when upgrading and the end user does not pay the Reinstatement Fee, the following partial software credit will be applied:

Expired Software Support Plan Duration	Software Credit Awarded
1 – 2 years	60%
2 – 4 years	40%
4 – 5 years	20%
5+ years	0%

### **MAINTAINING SOFTWARE SUPPORT PLANS**

In order to receive uninterrupted support for perpetual on-premises Laserfiche Software Solutions, you must maintain a software support plan for the term of the Laserfiche Software Solution. In the event that your software support plan is expired for more than 45 days, the plan will need to be reinstated as described in this Section and an additional reinstatement fee will apply (“**Reinstatement Fee**”). The total “**Reinstatement Cost**” includes one year of the software support plan in addition to the Reinstatement Fee. The reinstated software support plan will be valid for one year from the date the renewal invoice with the reinstatement fee was submitted.

The Reinstatement Fee is a 10% markup on the lapsed value of the software support plan. The Reinstatement Fee includes the number of days lapsed since your software support plan expired.

#### ***Reinstatement Fee example:***

The annual software support plan expired on 1/1/19 and the renewal invoice is \$1,000.

On 8/25/2019, the customer chooses to reinstate their expired software support plan. In this example, the software support plan has lapsed for 236 days (1/1/2019 – 8/25/2019).

#### ***Reinstatement Fee calculation:***

**Year(s) lapsed** = number of days lapsed / 365 days

$$236 / 365 = 0.6466$$

**Value of lapsed support period** = annual renewal amount \* year(s) lapsed

$$\$1,000 * 0.6466 = \$646.58$$

**Reinstatement Fee** = 10% markup \* value of lapsed support period

$$1.1 * \$646.58 = \$711.24$$

**Total Reinstatement Cost** = Reinstatement Fee + annual renewal amount

$$\$711.24 + \$1,000 = \$1,711.24$$

\*Please note that customers who transition from a perpetual Team, United, Avante, or Rio system to either Laserfiche Subscription or Laserfiche Cloud and want to return to their perpetual system will not be charged a Reinstatement Fee.

The License Requisition may limit the scope of the License being granted or grant additional rights. For the avoidance of doubt, the reference hereinabove to, “Order, or other written acceptance by us of an agreement, by which you acquire the License, which invoice, Order, or agreement, lists the specific Software product and component licenses that you purchase”, does not include, and our acceptance of any Order or any other agreement by which you acquire the License does not constitute our acceptance of, any agreement between you and Laserfiche’s authorized reseller or distributor.

You authorize Laserfiche and its affiliates and sublicensees to use, in any manner (including in any products or services) and without any duty of accounting or other obligation whatsoever, any feedback or ideas you provide to us in connection with your use of the Evaluation Product. 6. **Usage Limitations.** Your Use of the Software is subject to the usage limitations described at <https://www.laserfiche.com/eula/usage6.6.2018> and set forth in the License Requisition (each, a “Usage Limitation”).
7. **Subscription Software**
  - 7.1 **Subscription License.** A subscription license to on-premises Laserfiche Software allows you to Use such Software on a subscription basis (a “**Subscription**”, and such license, a “**Subscription License**”). If you purchase a Subscription License, subject to your compliance with the terms and conditions of this EULA, you may Use the Software covered by the Subscription (the “**Subscription Software**”) for the term of the Subscription set forth in your License Requisition until the Subscription expires or is otherwise terminated. After the Subscription expires or is

terminated, the Subscription Software will stop functioning entirely, and your rights to Use the Subscription Software will terminate.

7.2 Renewal of Subscription Term. Unless otherwise terminated according to the terms of this EULA, the Subscription will automatically renew for the term set forth in your invoice, unless (i) you fail to pay the renewal Subscription fee as invoiced to you by us or (ii) you give Laserfiche written notice of your intention not to renew the Subscription at least 45 days before the end of the then-current Subscription term. You must make full payment of the Subscription fee before the Subscription Software will resume functioning.

7.5 Updates and Support. The Subscription includes Software updates, access to online support resources, and Basic or Premium support as described in the Laserfiche Software Assurance Plan (“LSAP”) during the term of the Subscription.

**10. Term and Termination.** This EULA will remain effective until the expiration of the applicable license or Subscription term as set forth in your License Requisition, unless terminated earlier in accordance with this EULA. You may terminate the EULA at any time by returning or destroying all versions and copies of the Software and the Documentation in your possession or control. This EULA will immediately terminate if you breach any of its terms or conditions, or if you fail to pay any portion of the applicable license or Subscription fees and you fail to cure that payment breach within 30 days of receipt of a written notice from us. Upon termination of this EULA, you must immediately cease all use of the Software and the Documentation and return to Laserfiche or destroy all versions and copies of the Software and the Documentation in your possession or control. Application of Limitations and Disclaimers to Consumers.** Certain states and/or jurisdictions do not allow the exclusion of implied warranties or limitation of liability for incidental or consequential damages with respect to consumers (i.e., a person acquiring goods otherwise than in the course of a business), so the exclusions set forth in Sections 12.3 and 13 above may not apply to you if you are a consumer. The limitations or exclusions of warranties and liability contained in this EULA do not affect or prejudice the statutory rights of a consumer. If you are a consumer, the limitations or exclusions of warranties and remedies contained in this Agreement shall apply to you only to the extent such limitations or exclusions and remedies are permitted under the laws of the jurisdiction

where you are located.

**15. Basis of Bargain.** The warranty disclaimer in Section 12.3 and limitation of liability set forth in Section 13 are fundamental elements of the basis of the agreement between Laserfiche and you. Any such inspection and audit will take place only during your and your affiliates' normal business hours and upon no less than 10 days prior written notice to you. Laserfiche will give you written notice of any non-compliance, including any underpayment of fees, and you will have 15 days from the date of such notice to make payment to Laserfiche for such underpayment. If the shortfall in the amount payable by you exceeds 5% of the total amount that would otherwise be payable by you, you will also pay us for the cost of such inspection and audit. You will promptly pay us for any amounts shown by such audit to be due and owing to us plus interest at 1.5% per month, or the maximum amount permitted by applicable law, whichever is lower, from the due date until paid. You agree to take reasonable steps to maintain complete and accurate records of the use of the Laserfiche Product sufficient to verify compliance with this EULA.

**18. Miscellaneous**

**18.1 Waiver; Severability.** The failure of either party to exercise or enforce any right or provision of this Agreement will not constitute a waiver of such right or provision. All waivers by Laserfiche must be in writing to be effective. If any provision of this EULA is for any reason held unenforceable or invalid, then this EULA will be construed as if such provision were not contained in this EULA. No course of performance, course of dealing, or usage of trade will override the written terms of this EULA.

**18.2 Entire Agreement and Order of Precedence.** This EULA is the entire agreement between you and us regarding your use of the Laserfiche Product and supersedes all prior and contemporaneous agreements, proposals or representations, written or oral, concerning its subject matter. In the event of any conflict or inconsistency among the following documents, the order of precedence will be: (1) the License Requisition and (2) this EULA. Any agreement between you and Laserfiche's authorized reseller or distributor: (a) does not modify the terms and conditions of this Agreement, the License Requisition, or any document

comprising the License Requisition, and (b) does not create obligations for, or otherwise bind, Laserfiche.

- 18.3 Modifications to the EULA. If you install a new version of the Software, or any update, modification, or upgrade of the Software, the EULA applicable to the new updated, modified or upgraded version of the Software will modify this EULA upon such installation, if or to the extent that the new EULA is different than this EULA. A revised version of the EULA will be available at [www.laserfiche.com/eula/home](http://www.laserfiche.com/eula/home). By continuing to use the Software after the effective date of any modifications to this EULA, you agree to be bound by the modified terms.
